

# **REPORT ON ENVIRONMENTAL MATTERS**

**ECAC/39**

**Rannia Leontaridi, Focal  
Point for Environmental  
matters**

## Main objectives of ECAC's environmental activity

### Promote internationally European practices and policies

- To coordinate European positions in close cooperation with EC, and
- To maintain the unity in international debate

### Foster European harmonisation and monitor achievements

- By fostering debate, sharing of best practices amongst States and stakeholders
- By developing ECAC guidelines (common section of State action plans)
- By capacity building activities (incl. for CORSIA implementation)

**COORDINATION  
OF EUROPEAN  
POSITIONS  
RELATING TO  
PRESERVATION  
OF CORSIA**

**Significant EAEG contribution to:**

- **coordination for ICAO A40**
- **finalisation of CORSIA package (SARPs), and CORSIA review:** Coordinated elements of replies to ICAO State letters on TAB, emissions unit criteria, CORSIA eligible fuels, sustainability criteria for CORSIA eligible fuels, CORSIA implementation and review
- **CORSIA baseline adjustment (COVID/1):** assessment of options for adjustment of baseline provided to ECAC DGs and European members of ICAO Council

**COORDINATION/  
PROMOTION OF  
EUROPEAN  
POSITIONS  
TOWARDS AN  
LTAG,  
  
AND ON  
AVIATION FUELS  
AND SST**

**Significant contribution of EAEG and Environmental  
Forum to:**

- **coordination for ICAO A40**
- **fostering discussion and improving knowledge on LTAG,  
and sustainable aviation fuels (since December 2019)**
- **keeping under close review CAEP work on Aviation  
Fuels (SAF and LCAF) and SST**

## **FURTHER HARMONISATION IN EUROPE**

### **Maintenance of 4<sup>th</sup> Edition of ECAC.CEAC Doc29**

- Standard method for harmonising computation of noise contours around civil airports, and validating models
- Incorporation of updates into EU legislation
- Development work to also define a method for computation of helicopter noise

### **ECAC/EU guidance for action plans for CO<sub>2</sub> emissions reductions (Updated Ed° 2 June 2021)**

- A section common to all European State action plans gives visibility to European mitigating actions, and supports submission of European action plans
- European action plans posted on ECAC website

**CAPACITY  
BUILDING**

---

## **ECAC Environmental Forum**

ECAC News (Issue # 72 on the Environment)

---

**Launching of new capacity-building activities  
since December 2020**

**Adoption of new capacity-building programme –  
May 2021**

**Organisation of information seminars, webinars**

---

**Thank you for your  
attention!**
